ELLA'S PINE 2019

Story Behind the Wine

Ella's Pine is a tribute to the house that we at Brennan Vineyards call home. The McCrary House is adorned on its south side with a Loblolly Pine tree which stands proud to this day. History has it that eleven years old Ella carried this pine tree seedling all the way from Alabama to her new home in Comanche, Texas. With a little piece of her homeland, the McCrary House is the place she grew to call home along side her nine children and husband, James Madison McCrary.

Vintage Notes

The 2019 harvest turned out to be a beautiful one producing an abundance of fruit. Due to enough rain throughout the season and no freeze threat, the vines stayed well hydrated and plenty nourished which kick started an early harvest. Thankfully, the bountiful harvest will provide us extra fruit for the future.
